25 CORRECTION OF PRIOR PERIOD ERRORS

Loan from directors

In 2001, the Company had obtained loan from directors in order to inject the capital in the Company. The loan would be repaid in one bullet payment in the year 2031 i.e. having term of 30 years. As per the requirement of the IFRS 9 Financial Instruments and Technical Release 32 Accounting Directors' Loan issued by the Institute of Chartered Accountants of Pakistan (ICAP) in January 2016, the loan should be measured at its present value (determined at an effective interest rate).

However, the Company had inadvertently recorded the loan from directors at the gross proceeds received instead measuring at the present value. During the year ended June 30, 2021, the above error was identified and rectified retrospectively in accordance with the requirements of the International Accounting Standard (IAS) 8 Accounting Policies, Changes in Accounting Estimates and Errors and the all corresponding figures affected by the errors were restated. Since these restatements have a material effect on the statement of financial position as of the beginning of the earliest period presented (i.e. July 01, 2019), the same has also been presented in these financial statements in accordance with the requirements of IAS 1 Presentation of Financial Statements.
